**Optional courses (choice of n courses among all proposed)**

- Optional course 1
- Optional course 2
- Optional course n

**Final mark**: Average weighted by coefficients of the grades for compulsory and optional courses (coefficients correspond to ECTS credits)

**MODULE 2**

**Practical part : First Step Project**

**Final mark**: Arithmetic average of the grades for the practical assessments

**Success conditions for modules 1 and 2**

- Module 1: final mark ≥ 4.0 and no more than one grade under 4.0 in the compulsory and optional courses
- Module 2: final mark ≥ 4.0 and no more than one grade under 4.0

**MODULE 3**

**Optional courses (choice of n courses among all proposed)**

- Optional course 1
- Optional course 2
- Optional course n

**Optional courses (evaluation by credit)**: each course is evaluated separately and credits are obtained if the final mark is ≥ 4.0

**Success conditions for module 3**

To obtain at least 15 ECTS credits

**MODULE 4**

**Master Thesis**

Written report / oral defence / practical research work

**Success conditions for module 4**

Arithmetic average of the three grades on the Master Thesis Project ≥ 4.0

According to the “Règlement d'études de la Maîtrise universitaire ès Sciences en comportement, évolution et conservation adopté par la Direction de l'UNIL le 15 mai 2017”.
